An Anthony youngster, bright beyond his years, believes in mixing patriotism with religion. The other night he astonished and shocked the family by delivering himself of the following invocation: "Now I lay me down to sleep, I pray the Lord my soul to keep, if Uncle Sam don't lick Spain, I'll never say my prayers again. Amen. 'Remember the Maine.'"

The owners of the Monte Cristo property at Galena, who leased a tract of land and one-half miles north of Granby in Newton county, have discovered by drill a phenomenal ore deposit. There she spent four years and graduated with the honors of her class. She has taught there two years and this summer has been offered three different positions, but is ambitious for high honors and in September will enter the university. She is a young lady of much promise, of whom her aunt and uncle have reasons to be justly proud.

Mr. A. C. Wolfe, of Dundee, Mo., who travels for Mansur & Tibbets, Implement Co., of St. Louis, gives traveling men and travelers in general, some good advice. "Being a Knight of the Grip," he says, "I have for the past three years, made it a rule to keep myself supplied with Chamberlain's Colic, Cholera and Diarrhoea Remedy, and have found numerous occasions to test its merits, not only on myself, but on others as well. I can truly say that I never, in a single instance, have known it to fail. I consider it one of the best remedies travelers can carry and could relate many instances where I have used the remedy on skeptics, much to their surprise and relief. I hope every traveling man in the U. S. will carry a bottle of this remedy in his grip." For sale by W. E. Price.

### ABOUT THE REUNION.

During the past month we have traveled over much territory and everywhere we hear the old soldiers and their friends talking about the big reunion, to be held at New Camp Logan, August 29 to September 3. They will all be there and in spite of the efforts of a few disgruntled Baxterites who are exhibiting their disloyalty to their town by attempting to throw cold water on the enterprise, it will surpass all others. The citizens of Baxter should condemn in strongest terms the efforts of the few to discourage the attendance this year by false and unwarranted assertions. The fact is that aside from the hack license, fines and such things, the city of Baxter will be benefited by this large gathering as much in the future as in the past and the man who cries down the reunion makes a direct stab at the interest of his town and fellow citizens and should be squatted on in a manner that would effectually squelch him for at least thirty days. We regret to say that among those who are active in denouncing the reunion is the mayor of the city, a man above all others who should do all in his power to encourage a large attendance. In conversation with him a short time since he advanced this argument:

- 1—No water.
- 2—No decent place to put tents.
- 3—Bad roads to the grounds.
- 4—No air, people will suffocate.
- 5—Two and a quarter mile hack ride.
- 6—Never will have another reunion.

We visited the grounds and found the following facts in direct contradiction to the above:

- 1—Spring river, one of the clearest streams in the state, runs through the grounds. Four springs are being widened, two large dug machinery put in to force the water from the river to any part of the grounds.
- 2—We selected a camping spot for our comrades where 1,200 tents may be pitched; every tent in shade; every tent on level ground, every street exactly alike and all away from the stands and shows.
- 3—The roads to the grounds are as good as any in the county.
- 4—The grounds are located on one of the highest points in that section with an open west and south for many miles. If there is a breath of air in the county it will strike Camp Logan.
- 5—The Memphis road will run trains south on their Miami track to a point one-half mile nearer the new grounds than their depot is to the old and may run a switch direct to the grounds.
- 6—The park was made by nature for an old soldier's camping ground and one week's stay in it will insure a return visit every year thereafter.

We repeat: we are sorry that any man should be so unjust as to attempt to prejudice the old soldier against these grounds, which belong to them, they have purchased them and it would seem that any one would at least give them a chance to see for themselves whether or not the purchase was a good one. Another effort to discourage attendance is the report that the Association can get no tents. President J. M. Cooper informs us that new tents are already contracted for and they will be able to do exactly as they advertise, supply tents, straw, wood and water, free of charge to all old soldiers. It is true they cannot get state tents, but they can get all the new ones they want of the manufacturer and as before stated have already contracted for what they will need. Of course the stockholders will see the necessity for economy in the use of tents as a rental must be paid on each, but they can have all they can pay for, so there is nothing in the cry of no tents.

We repeat: the boys will be there 50,000 strong. They are coming from everywhere to initiate their new homes. They know what a week at Camp Logan means and all the howling of disgruntled ones will not deter them from coming. This is soldiers year and while we may not be able to sing all of the old songs, or give all of the old yells, there never was a time when we could sing longer, yell louder, and sing old glory higher than now. There never was a time when the blue and gray would blend more harmoniously; when the spirits of Grant and Lee will smile as they hear us sing: We are coming Father Abraham, Coming once again; Not to fight each other but To lick h—t outen Spain. —Galena Republican.
